

## "BONUS" SYSTEM FOR LOCAL SHOPMEN

So Decided on Recent Visit  
of Mr. Kendrick to  
Albuquerque.

MEANS TWO PAY DAYS

As a result of the recent visit of President Ripley and Vice President Kendrick, with other officials, to the local shops, on December 1 the bonus system will be extended to the local employees and the local pay roll will be increased materially.

The bonus system borders on the piece work system, yet it is a shade better for the mechanic than the piece work system. Under the bonus system the mechanic gets his regular salary, and something more if he earns it, but never less. For instance, a machine man is scheduled to do so much work in so many hours. That is considered a regular day's work, and he is not expected to fall short of that, but if he does there is nothing deducted from the scale salary. But if he does more in a certain number of hours, then he is scheduled to do so, he gets the profit. With a good mechanic this profit will be large and with a mechanic not so good it will be small.

This system has been inaugurated recently at all of the important shops on the Santa Fe, and the Santa Fe officials have such faith in it that they have termed it the "individual effort system," intimating that they believe that it will encourage the employees to make an individual effort, which will be of benefit to the employee and the road alike. The plan is to make the bonus payable on the 15th of the month. The system involved is such that the workman knows at the end of each day just what his earnings have been by a slip which is handed him by the timekeeper, and by these slips he also knows at the end of the month what he will receive for the fourth.

That the working day should be cut down on December 1 from ten to nine hours was another decision hit upon at the recent visit of the Santa Fe officials at the shops. The length of time the nine hour day is to continue has not been decided.

The lecture of Engineer L. H. Collett, given on the locomotive, last night at the local railroad reading room, attracted a large number of railroad people and was thoroughly enjoyed. Mr. Collett is a distinct speaker and has a thorough knowledge of the railroad locomotive through experience and study. He was assisted in his illustrations by a series of stereoscopic views, which were extremely interesting.

## LARGER FREIGHT TERMINALS

ARE WHAT ALL THE ROADS  
NEED TO PREVENT DELAYS IN  
MOVING TRAINS.

While the railroads in New Mexico and, in fact, all over the country are in need of more freight cars to handle the enormous amount of freight of all kinds that is now being shipped from point to point to meet the increasing needs of consumers, there is a far greater and complex problem for the officials of the roads to solve than an increase in the freight equipment and motive power. It is that of better and larger terminal facilities in almost every city and town in the country through which a railroad runs.

Were it possible for the railroads today to have at their command sufficient cars to take on board every ton of freight offered by shippers the situation in the movement and delivery of freight would not be bettered. If anything it would become more complicated, as the roads have not adequate terminal facilities in any city in the country to handle the present number of cars. Thousands of loaded cars are congesting every large terminal at the present time all over the land.

There is hardly a railroad in the country that is not spending or planning to spend large sums of money in increasing their terminal facilities in all of the larger cities and the small ones as well. But this is slow work.

In every section of the country, especially in cities of any size, railroads are unable to secure the property they need to increase their facilities by the ordinary method of purchase. The roads in 75 per cent of the instances have to resort to condemnation proceedings to acquire the property. This legal process often takes months, and sometimes two or three years to settle.

Shippers everywhere are crying for more prompt movement of freight and

are inclined to think that all the delay is caused through a shortage of cars, when as a matter of fact, the greatest delay is caused by a lack of terminal facilities. If the roads had large enough terminals to permit the handling of freight promptly on its arrival, a great majority of the cars now in service could be used twice and three times as often as they are now.

## THE FIRST PULLMAN CAR

DETAILS OF ITS UNIQUE CONSTRUCTION GIVEN BY MAN WHO BUILT IT.

Shortly before his death on October 5, 1905, at Bloomington, Ill., Leonard Sellert, a veteran employee of the Chicago & Alton, gave an account of the building of the first sleeping car under the direction of the late George M. Pullman. It follows:

In the spring of 1825 Mr. Pullman came to Bloomington and engaged me to do the work of remodeling the Chicago & Alton coaches into the first Pullman sleeping cars. The contract was that Mr. Pullman should make all necessary changes inside of the cars. After looking over the entire passenger car equipment of the road, which at that time consisted about a dozen cars, we selected coaches Nos. 9 and 19. They were 44 feet long, had flat roofs like box cars, single sash windows, of which there were fourteen on a side, the glass in each sash being only 14 inches square. The roof was only a trifle over six feet from the floor of the car. Into this car we got ten sleeping sections, besides a linen locker and two washrooms—one at each end. The wood used in the interior finish was cherry. Mr. Pullman was anxious to get hickory, to stand the hard usage which it was supposed the car would receive. I worked the spring and part of the summer of 1858, employing an assistant or two, and the cars went into service in the summer of 1858. There were no prints or plans made for the remodeling of these first two sleeping cars, and Mr. Pullman and I worked out the details and measurements as we came to them. The two cars cost Mr. Pullman not more than \$2,000, or \$1,000 each. They were upholstered in plush, lighted by oil lamps, heated with box stoves and mounted on 4-wheel trucks with iron wheels.

The berth rate was 50 cents a night. There was no porter in those days; the brakeman made up the beds.

Mrs. James Malcomb Kurn left for Chicago this morning, where she has been called owing to the serious illness of a favorite sister. Mrs. Kurn is the wife of Superintendent Kurn, of the Rio Grande division of the Santa Fe.

A. C. Sharp, one of the firm of Lantry & Sharp, railroad contractors, who was in the city yesterday, left last evening for the Belen cut-off.

## SHE IS AN ENGINEER

MLLE. CECILE BUTTCAR.

Of 24 who gained a civil engineering diploma at Lausanne University, Switzerland, a woman was sixth with honors in the class. She is Mlle. Cecile Buttcar, a very attractive young woman, who has taken up a very practical profession. That she entered her studies not half-heartedly is shown by her rating.

Don't be Deceived. Do not be deceived by counterfeits when you buy Witch Hazel Salve. The name of E. C. DeWitt & Co. is on every box of the genuine. Piles in their worst form will soon pass away if you will apply DeWitt's Witch Hazel Salve night and morning. Best for Cuts, Burns, Boils, Tetters, Eczema, etc. Miss M. H. Middleton, Thebes, Ill., says: "I was seriously afflicted with a fever sore that was very painful. DeWitt's Witch Hazel Salve cured me in a few days. Sold by all druggists."

## PRIDE GOETH BEFORE A FALL

## TERRITORIAL TOPICS

### STORE BURGLARIZED.

Thieves Break Into Alamogordo Hardware Establishment.

The hardware store of G. C. Scipio, one of the largest firms at Alamogordo, was broken into some time after 12 o'clock Sunday night by two burglars, who made a good sized haul. Over a dozen six-shooters, many razors, a number of fine pocket knives and a considerable quantity of ammunition were among the booty taken. Entrance was gained to the store by breaking in a window in the rear. There are evidences that two men committed the burglary, but the authorities have no clue as to their identity.

### ESTANCIA METHODISTS.

Will Lay Corner Stone of Their New Church on Thanksgiving.

The corner stone laying and exercises dedicatory thereto of the First Methodist Episcopal church in Estancia will take place on Thursday morning at 10 o'clock, according to present plans, says the News. Rev. Ruoff, the pastor, has been spending most of the week in town looking after the laying of the foundation, and the work will have progressed sufficiently to allow the laying of the corner stone at that time.

Rev. A. M. Harkness, of Santa Rosa, who had charge of the Estancia work and was the promulgator of the plan for a church at Estancia, will be present and deliver an address. Several other pastors will assist.

### APPLES PROFITABLE.

Examples of Advantages of Raising Apples in Sacramento Mountains.

B. Cleve, of Elk, Otero county, has 161 apple trees on one and one-half acres of ground. The proceeds of his sale of apples was \$1,800 for the one and one-half acres, or \$1,200 per acre. Besides this, there are now 10,000 pounds of windfalls on the ground.

Judge Tillotson of the same place, has an orchard ranging from four to twelve years old, which paid him in marketed apples this season, \$44 net per tree. This was the average of the entire orchard at two cents per pound for the fruit delivered at Alamogordo. This is counting only picked apples and no windfalls. His 4-year-old Ben Davis trees averaged 440 pounds of apples.

### CAUGHT IN A CAVE-IN.

Narrow Escape of Timberman in the Yavapai Mine.

Word reached Prescott, says the Journal-Miner, that William Esser, a well known young man of this city, who is employed as a timberman in the Ora Belle mine, was caught in a cave-in there late Saturday night, and almost entirely covered up. As soon as the accident happened a large force of miners rushed to his rescue and succeeded in digging him out in a very short time. Today his injuries were reported to be very painful and that he was considerably bruised, but not hurt internally.

William Esser was raised to manhood in this city and county. He is a young man of very good habits and one who enjoys the respect and confidence of his employers and fellow workers as well. His many friends hope for his speedy recovery.

### BIDS ARE AWARDED.

Penitentiary Commission Meets and Audits Bills.

A regular meeting of the territorial penitentiary commissioners was held Monday at the territorial prison. There were present the following members: F. H. Pearce, Las Vegas, chairman; Juan Navarro, Mora, secretary; Malapala Martinez, Taos; W. H. Newcomb, Silver City.

Accounts for the past two months were presented to the board, audited and approved. Routine business in connection with the management of the prison was brought up by the superintendent and disposed of. Bids for the furnishing of supplies for the coming six months were opened and the lucky bidders were H. B. Cartwright & Bro., Leo Harsch and Taos, W. Hanna, of Santa Fe; and Gross, Kelly & Co., of Albuquerque and Las Vegas, and Browne & Manzaneros Co., of Las Vegas.

### THANKSGIVING DINNER

Thanksgiving dinner will be a big affair at the Columbus hotel tomorrow. The dining room doors will be open at 12 o'clock and remain open until 2 o'clock, the tables being set several times to accommodate the large crowd that is expected. The bill of fare follows:

Thanksgiving fruit cake. Punch. Roast Turkey, Oyster Dressing. Current Jelly. Chili Sauce. Celery. Mashed Potatoes. Roast Young Pig, with Apple Sauce and Sweet Potatoes. Pumpkin Pie. Nuts. Raisins. Cheese.

### DON'T WAIT.

Come now to Mrs. Wilson's and get your stamping done. New patterns, such as initials for door panels, eagles, anchors, stars for children's clothes, patterns for sofa pillows, slipper cases, laundry bags, shaving cases, Christmas greetings, etc. Corner of Gold avenue and Third street.

### NOTICE TO THE PUBLIC

Having disposed of the Albuquerque Transfer company, of which the undersigned was proprietor, I hereby notify all indebted to me that all accounts must be paid at once. I will retain no old office, No. 116 West Gold avenue, until accounts are settled. GEORGE M. BACUS.

Liquors, wines and cordials—the finest line in the city. All goods delivered free. Ernest Meyers & Co., 116 West Silver avenue.

When you are in need of fine liquors and wines, call on Ernest Meyers & Co., 116 West Silver avenue. Automatic phone, 240.

This is the modern and most successful way of curing such ailments as Headache, Bloating, Heartburn, Poor Appetite, Cramps, Indigestion, Dyspepsia, Female Ills, or General Debility. We urge every sick person to start today.

## LETTER FROM COLONEL BRODIE

FORMER GOVERNOR TELLS OF HIS WORK IN THE PHILIPPINES.

A private letter was received in Phoenix from former Governor Alexander O. Brodie, than whom Arizona never had a more popular executive, telling of recent occurrences in the Philippines and making many inquiries as to conditions in Arizona, which he still calls home, says the Gazette.

Mr. Brodie, who holds the rank of colonel in the regular army, has recently been transferred from Manila to Rio Hio, where he will act as military secretary of the department. The colonel looks forward to the change with a great deal of pleasure.

In connection with his duties as military secretary of department with headquarters at Manila, Colonel Brodie has been sitting as a member of the board of church claims which will be instrumental in a great measure, through his findings and researches, in settling the vexed question of the ownership of the lands held by the Spanish priests and different Catholic church societies. This has been one of the most important questions that has confronted the government in its Philippine policy, and the selection of Colonel Brodie to act as a member of this board shows conclusively with what high esteem he is held in Washington.

The letter tells of a cholera scare in the islands but it amounted to little more than a scare, as it was soon wiped out.

Colonel Brodie says that the problems to be worked out by the government in the Philippines grow in interest each day, and their development is being watched by all the world.

In conclusion, Mr. Brodie says that he has for news from Arizona, and sincerely wishes he could remember to all of his friends in the territory.

## STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles—Albuquerque People Recommend it.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption of skin itching. It is the cheapest remedy to use because so little of it is required to bring relief and a cure. Here is Albuquerque testimony to prove it.

Mrs. R. E. Wake, rooming house, 202 North Second street, says: "There came to my notice some time ago a case of eczema or of some disease of the skin, which had resisted all the efforts of the party to stop. Doan's Ointment was procured at one of the city drug stores, and a course of the treatment commenced. It gave positive relief after an application or two, time the annoyance ceased. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itching of the skin or eruption thereof."

For upon continuation of it for some time for all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## COMING EVENTS

November 29—Damon and Pythias, by local talent.

Nov. 30—Recital at First Methodist Episcopal church.

December 1—The "Broken Hearted Club" and "Sarah's Young Man," by local talent, under the auspices of the Albuquerque Woman's club.

December 2—"Marriage of Kitty," December 3—"Two Merry Tramps," December 4—"Cousin Kate," December 5—"Mahara Minstrels," December 6—"Hooligan in New York."

December 27—"Hans Hanson."

Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. A certain cure for Coughs, Croup and Whooping Cough. Makes breathing easy, cuts out phlegm and draws out the inflammation. Sold by all druggists.

**\$400**  
**PIANO**  
**FREE**

The merchants named below will give a beautiful Price & Teeple Mahogany Piano, to the lodge, church, school, club or other organization of Albuquerque that is voted and elected the most popular. The contest is now open, and closes on December 10, 1905. The piano is on exhibition at the Globe store, where it may be seen by all. One vote is given free to everybody, with every twenty-five cent cash sale, the only provision being that when you need the goods anyway, you trade with the merchants named below. A ballot box is placed at J. H. O'Reilly & Co.'s drug store, where all votes must be deposited. Be sure and get your voting tickets.

Drying preparations simply develop catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and aunts and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. Repairs itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
